PUBLIC NOTICE

SUSPENSION OF DIRECT DEBIT SERVICE

The public is informed that with effect from 19th August 2019 Botswana Unified Revenue Service (BURS) will suspend the direct debit service.

This decision comes after the tax authority experienced a high number of unpaid transactions from tax payers and the introduction of unusual transactions into government administered revenue accounts.

For continued smooth service, BURS clients are therefore encouraged to use alternative modes of payments available. The service will be restored once the challenges have been resolved. Any inconvenience caused is highly regretted.
